### **1) INTRODUCTION**

- 1.1 The status of this policy is advisory only. It is addressed to parents of pupils and of prospective pupils, school bursars and educational trusts.
- 1.2 This policy will be reviewed on an annual basis in conjunction with the Charity Commission Guidance.
- 1.3 Owing to the limited financial resources of the Charity, not every eligible application for an award will be successful.
- 1.4 The children who benefit will be UK residents or children who have the right to remain.

### **2) THE iTrust SCHEMES**

The IAPS Charitable Trust (iTrust) has four strands: Schools Access Scheme, A Benevolent Fund, an Awards Fund, and a Music Fund.

#### **(a) Schools Access Scheme Awards**

This was launched in 2015 and is designed to allow children from families that would not normally have the resources to pay for an IAPS school education the opportunity to benefit from the start in life such an education provides. It is not designed to help middle-income families who cannot afford full fees: most applicants would have qualified under the pupil premium in maintained schools.

## IAPS Charitable Trust

Applications must first be made through an IAPS member school. The usual stage of entry is Reception or Year 3. Pupils will not usually have already started at the school. The main exception will be for Nursery places using the Government funding.

Each school must be prepared to match the funding of the SAS scheme. This is usually 50% of the school fees. Most years there will be one or two successful applicants. These will not usually be at the same school.

### **(B) General Awards**

The itrust makes a small number of awards, usually around £1,000 a year and up to a maximum amount of £2,500 per year per pupil. Priority is given to pupils who have already started their education in IAPS schools, and whose families' financial circumstances have changed. The support of the school, or intended school, is essential. Awards are usually short term and last for up to one year; in all cases, awards are subject to an annual needs' assessment review.

The itrust does not support pupils in the Sixth Form or gap year or university students.

### **(c) Benevolent Scheme Awards**

Priority will be given to Parent(s) employed or formerly employed in IAPS schools, pupils in key examination years (i.e. years 10 and 11) and pupils at schools where the school will match the funding. Funds are limited and the total value of awards aims to equal income from restricted funds with donations and unexpended income applied to capital for future years.

The objective is to relieve hardship by providing financial support for any of the following persons who are in necessitous circumstances:

- Any person who has or shall have been a member of IAPS as a headteacher who has retired from such headship.
- Any person who has or shall have been an official or employee of IAPS schools, the widows, children, or other dependents of any such person as aforesaid or of a deceased person who was at one time a member of IAPS.
- Any other class of persons connected with education or schools and not for the time being members of IAPS as may be specified by IAPS by ordinary resolution with the consent of the Directors.

These awards may also be used to promote the education of children of members or deceased members of the teaching profession by providing financial support for

them to continue their education in independent senior schools where their families' financial circumstances are such that they would otherwise be prevented from doing so.

Support offered will be to as wide a range of beneficiaries as possible, with small grants rather than a smaller number of larger grants. The grant will bridge the gap between the family's income and the fees required. This grant is unlikely to be the primary source of funding.

### **(d) Music**

The Harrison Memorial Fund awards grants to children in Years 3-8 to assist them in attending choral or instrumental courses held in the UK. These typically include residential courses run by the Rodolfus Foundation and National Schools Symphony Orchestra, although other courses are considered upon application.

### **Eligibility and procedures for applications for Harrison Memorial Fund support**

An application form for support can be downloaded from the websites for the courses named above, or can be requested from the HMF Secretary by emailing [harrisonmemorialsecretary@gmail.com](mailto:harrisonmemorialsecretary@gmail.com). Applications are only accepted from parents who cannot afford the course fees without support. Completed application forms are emailed to the above address, or by post to IAPS Head Office and proof of earnings will be required to accompany the application. Once the application is received, the HMF Secretary will contact the child's school to confirm details given on the application form, before any award is made. Awards are confirmed by email and the course administrator is informed directly. Payment is made directly to the course.

### **Conditions of award**

Pupils attending the course are asked to write about their experience afterwards and send via email or to Head Office. This feedback is much appreciated by trustees. If feedback, or any included photos, is to be used in any publication, further agreement will be sought from parents first.

Deadline for HMF awards depends on the date of the course taking place.

### 3) ELIGIBILITY AND PROCEDURE FOR APPLICATIONS

- 3.1 All awards (except from the Harrison Music Fund) are entirely means tested and are made on an annual basis to parents who satisfy financial criteria set by the Charity from time to time in relation to their income and the value of their capital assets.

It should not be assumed that, as the result of one child in a family being in receipt of a grant, other siblings will automatically be awarded one. Each case will be assessed separately.

- 3.2 Applicants should contact the Bursar at the relevant school office in the first instance for more information in relation to the financial criteria set by the Charity and then request the relevant forms from the Grants Secretary at [itrustgrants@gmail.com](mailto:itrustgrants@gmail.com). There is a substantial application form in which parents detail such things as their circumstances, income, outgoings, expenditure, assets, capital liabilities and other dependent children.

- 3.3 All applicants for financial support, with the exception of:

- those for whom the school is already able to provide a financial assessment;
- those applying to the Harrison Music Fund);

are required to undertake an assessment by the Charity's externally appointed impartial advisors at the Bursary Administration Limited (BAL) and provide them with any supplemental information that is requested. It is critical that parents answer all the questions carefully and in full. Bursary Administration Limited (BAL) will check applications on behalf of the itrust. This frequently includes a virtual visit and will result in a confidential report being sent to the itrust Scrutiny Committee. During the virtual visit, families will be asked to provide relevant financial records and respond to questions about their financial history, current situation, and ongoing commitments. A confidential report will be sent to the school. The school does not have any input into, or control over, the findings of the independent financial review but this assessment may be done in conjunction with an assessment for the school. This process may be repeated as part of the annual review if required.

- 3.4 Children of parents with high incomes or high assets are not normally considered for help except when there are exceptional compassionate circumstances affecting the financial stability of the family. We anticipate that the families we support will have joint net assets usually in the form of a home and low incomes. They will NOT have any of the following:

## IAPS Charitable Trust

- Significant savings
- A child already at an independent school fully funded by the parents
- A second property or land holdings
- Frequent or expensive holidays
- Expensive houses or cars

- 3.5 The committee reserves the right to exercise its discretion and its decision is final. The Trustees and/or secretary cannot discuss decisions made in the meetings, or discussions during the meeting, nor is there an appeal process. It is the responsibility of the applicants' family to provide true and accurate information. The committee will make awards to families which are the neediest. They will review the award each year to check that circumstances have not changed, and that the pupil's progress, behaviour, attendance, and attitude are in line with the school's expectations.

**Please note that , unfortunately, owing to the limited financial resources of the Charity not all the qualifying applications made each year will be successful.**

- 3.6.1 All awards (except from the Harrison Music Fund) are subject to an annual means-test review, which may be carried out by the school or by the Charity's externally appointed advisors (BAL). In addition, should any of the family's circumstances change, the School must be informed without delay. For example, should the financial position of parents with a pupil already at the School change unexpectedly, they should contact the Bursar as soon as possible so that a way forward can be agreed. Failure to divulge requested information or a change in circumstances to the School could lead to an award being withdrawn or withheld.
- 3.6.2 The deadline for applications for the SAS Awards is the end of January. For other awards, there is no specific deadline and applications may be made as the need arises. Deadlines for applications to the Harrison Music Fund are dependent upon course dates. Applications are generally considered once per term but the Committee will, at their discretion, examine urgent cases that arise outside this timetable.

## 4. PROCEDURE FOR DETERMINING AWARDS

- 4.1 Awards are made for one academic year and remain subject throughout that period to the conditions of award provided with the letter of offer. Financial Support Awards may be made on an annual or termly basis depending on the circumstances surrounding the provision of the award.

## IAPS Charitable Trust

- 4.2 All awards are discretionary and are subject to review by the Charity at any time. It should not be assumed that, as the result of one child in a family being in receipt of a grant, other siblings will automatically be awarded one. Each case will be assessed separately.
- 4.3 Each year the pupil's annual report will be sent from the school to the Charity, which reserves the right to withdraw the award should the child fail to fulfil their obligations. (See Appendix 2).

## 5 CONFIDENTIALITY

All award applications are treated in the strictest confidence. Pupils will not be made aware that they benefit from an award unless informed by their parents.

## 6 DATA PROTECTION

All information provided by parents in connection with an application for an award will be processed in accordance with data protection principles as set out in the Data Protection Act 1998. Data will be processed only for the purposes of considering applications for awards and determining the success of such applications and the information provided will not be used for any purpose.

## **APPENDIX 1**

### **Procedure for SAS Awards**

The steps to the offer of an award are as follows:

1. Parents enquire about a place for their child at a school.
2. Where appropriate, parents are sent a prospectus and the registration form, and the availability of bursaries or awards at their chosen school is discussed.
3. Where appropriate, parents complete the registration form and return it to the School along with the registration fee.
4. Parents apply for a bursary or award in writing to the Bursar using the School's bursary application form. The school will contact IAPS if they feel that a pupil would benefit from an iTrust award or the SAS Scheme and that they fit the criteria. This will include a letter of recommendation from the Head.
5. The child is assessed by the School. The School considers an offer of a place.
6. The School's Bursaries Sub-Committee (or equivalent) considers an award of a School Bursary Award.
7. iTrust considers the application for assistance and lets the school and parents know of the outcome.
8. Parents will have a virtual visit from the School's externally appointed advisors (BAL). The findings from that visit are reported to the iTrust and the school.
9. Letter of offer of an award and the conditions of that award are sent to the parents and the School.
10. Parents accept offer of a place at the school and award by completing the schools' acceptance form and returning with the acceptance deposit.
