## Welcome from the Principal of Framlingham College and the Head of the Prep School

We are delighted to host the IAPS U11 Girls' Cricket Festival at Framlingham College Prep School.

Jonathan and I extend a warm welcome to all schools and supporting parents. Cricket goes from strength to strength here at the College and we are delighted to have so many players here today from so many schools, to share in our love for the game.

The Festival today is to be enjoyed, first and foremost. I have no doubt that we will see some fantastic cricket, but as importantly, some great team spirit, mutual support and camaraderie. Sport has the magic to bring people together and I hope that today can be a celebration of exactly that.

Our thanks go to our Grounds staff for preparing the pitches and to Chris Gange, Director of Sport, for organising today's event. Chris, and our Head of Cricket Jack Beaumont, will be available throughout the day to answer any of your queries about the Festival or about Cricket at Framlingham College.

Have a wonderful day.

Louise North

HEAD OF THE PREP SCHOOL

## Welcome from IAPS Sport

First and foremost, sport is about participation and enjoyment. Sport is an incredibly important part of the personal development of children.

Thanks to our eager and enthusiastic membership, over 22,000 children take part in the IAPS Sport programme every year. With 22 sports to choose from and over 170 events organised annually, there are plenty of opportunities for our member schools to get involved in.

Whether this is your first time at an IAPS event, or you have been entering them for many years, we hope you enjoy the competition and good luck.

## Safeguarding

IAPS believes that the welfare and wellbeing of all children (young people under the age of 18) and adults at risk attending an IAPS event is of the highest concern. All such persons have the right to safety and protection and any suspicions, concerns or allegations of harm will be taken seriously and will be dealt with swiftly and appropriately.

IAPS expects all adults who are engaged with the delivery of sports events to fully comply with safeguarding procedures as laid out in the IAPS Safeguarding Policy and Procedures, and the KCSiE September 2021 document (these are available on our website: [sport.iaps.uk/safeguarding](https://sport.iaps.uk/safeguarding)).

IAPS expects all coaches present to be DBS checked and have received relevant safeguarding training at their school/club.

IAPS expects that all adults attending events have read the IAPS code of conduct, photo policy & anti bullying policy. These are available to read and download from our website here: [sport.iaps.uk/safeguarding](https://sport.iaps.uk/safeguarding)  
If you have any safeguarding concerns today, please don't hesitate to speak to Emily Connell, Mike Kershaw or a member of the organising team.

## Photography Advice

There is no professional photography at IAPS Sport events, however parents and spectators can take their own pictures. IAPS staff and representatives may use different forms of media to capture images or film, which will be used as listed in the IAPS media policy. IAPS will be the data controller of these images and it will be protected under our data protection policy.

There is no law against taking photos at public events for personal use, including pictures of other people's children (Ask the Police, 2018). IAPS asks parents and spectators to be cautious when sharing any images on social media.

The NSPCC have useful advice on sharing images here:

## Code of Conduct for Spectators

Framlingham College Prep School is a member of IAPS, the Independent Association of Prep Schools. IAPS is a school's association with 670 member schools, both in the UK and internationally. IAPS was founded in 1893 and for over 120+ years we have been committed to supporting head teachers in their roles as leaders of the top prep and independent junior schools in the country. Membership of IAPS says a great deal about the quality of the school you send your child to for their education.

We provide services to our members offering support and guidance to head teachers and professional training for staff. We also provide opportunities for children to take part in sport and art competitions. We are not a private company solely engaged in running sports competitions.

The annual sports programme offers a range of team and individual events for children who attend IAPS schools. The children are able to compete in a fun, safe and competitive environment. All organisers and qualified officials are passionate volunteers, who help us to deliver the events in line with National Governing Body rules and regulations.

Where permitted, we are delighted to welcome spectators to attend IAPS events to support the children. Our agreed code of conduct highlights IAPS's expectations of spectators, to ensure that all events are enjoyable and fair for the children involved, and we hope you would support us by reading and applying the following code;

1. Be a positive role model and lead by example; children are involved in sport for their enjoyment and without undue spectator pressure.
2. Encourage children to play by the rules.
3. Respect the officials and their decisions at all times.
4. Respect the coaches and their decisions. They give their time, energy and experience to coach your children.
5. Refrain from verbal or indeed physical abuse towards players, officials and fellow spectators.
6. Be friendly and respectful to the opposition.
7. Teach children that effort and teamwork are as important as victory so that the result of each game is accepted without undue disappointment.
8. Turn defeat into victory by helping children work towards skill improvement and a positive sporting attitude.
9. Be aware that IAPS events have comprehensive safeguarding policies and procedures, available on our website: <https://sport.iaps.uk/safeguarding>
10. Relax and enjoy the event.
11. IAPS wants all the competitions it runs to pass without any negative incidents. Excitement and emotion can run high at the events, not least amongst the supporters.

Despite this, unpleasant and inappropriate behaviour is very rarely in evidence at our events but you should be aware that IAPS retains the right to ask you to leave the event, if you fail to comply with the code of conduct.

## Results

Results for team events will be published live using SOCS. Links to the results are available via our IAPS Sport app. Results for individual sports events will not be available live but will be published on our website as soon as possible after the event.

Please note all results are now published in the member area of our website which is only accessible to school staff. Parents should request any information from the school.

# Festival Rules

## 1. Matches

Each game shall be played between two teams of eight players. A match consists of a maximum of 8 six ball overs bowled by each side. A team shall not be permitted to declare its innings closed. Each game consists of only one innings per team. Batters will bat in pairs, with each pair facing two overs.

## 2. Length of Innings

The maximum time allowed for the length of an innings shall be 25 minutes, with a five-minute turnaround between innings and between matches.

## 3. Number of players per team

Only eight players are permitted to play in each game. The eight players nominated to play in the game must be written on the score sheet before the commencement of the game.

## 4. Bowling

Each member of the fielding team shall bowl one over each with exception of the wicket-keeper. One member of the fielding side can bowl two overs. Bowling will occur from one end to speed up the match time. The wicket-keeper must be nominated before the start of the match, and under no circumstances shall the wicket-keeper be allowed to bowl. During play the wicket-keeper must stand in a normal wicket keeping position at the instant of delivery otherwise a no-ball shall be called. A different wicket-keeper may be nominated for each game but cannot be changed during the course of the game. An over must consist of six balls, except in the final over of the innings where there must be six legal balls completed.

## 5. Extras

A wide or no-ball shall be counted as two extra runs to the batting team and no extra ball will be bowled apart from the final over where there must be six legal deliveries. Any runs scored from a no-ball (off the bat, byes, or leg byes) will be credited in addition to the extras for the no-ball. Any ball, which after bouncing, passes the batsman above the shoulder height in their normal batting stance or would have passed them above waist height without bouncing shall be called a no-ball.

## 6. Batting

Teams will start their innings on 200 runs. If a batter is out they will swap ends with their partner and lose 5 runs for each wicket that falls.

## 7. Fielding Restrictions

No fielder is permitted within a 10-metre radius of the batter, excluding the arc from wicketkeeper to point. The umpire shall have the final say on all fielding restriction decisions. In the event of an infringement, the square leg umpire shall call and signal no-ball.

## 8. Match Results

A game shall be won by the team having the highest completed score at the end of the game. The game concludes when the target is reached, or when the nominated number of overs is completed, or when the team batting second is completed within the nominated number of overs. Any match or qualification complaint shall be referred to the Match Referee (Andy Northcote, Head of Prep Sport) who will make a determination. Three points awarded for a win and one each for a tie. If teams are equal on points at the end of the pool stages, the winner of the previous encounter between the two teams will progress. If this is still undecided then the least wickets lost followed by most wickets taken will be considered. If teams still cannot be separated then a bowl out will be performed. If more than one team are level on points at the end of the group stages then the highest average run rate per ball will be used. In the case of a tied match in the seeding match ups the winner will be determined by a bowl off. Each team will get five deliveries to hit three stumps. Each of the five outfield players will have one delivery each and the team that hits the stumps most times will progress. If the bowl off is all square after five deliveries it will go into sudden death bowl off.

## 9. Weather

In the event of weather conditions limiting play, matches will be resolved with a bowl off: Five different bowlers, bowling at three stumps on a spare track. The most hits of the stumps wins (one ball each). A (foot) no ball, renders that delivery void. In the event of it being a draw after five rounds, then it will go to sudden death, with the same bowlers being available again.

## 10. Spirit of the game

Spirit of cricket The MCC's Spirit of Cricket should upheld throughout the festival. The Match Referee (Haileybury Director of Cricket) must be contacted immediately if any situation arises in which the Spirit of Cricket has not been upheld.

# Sports Scholarships Available

At Framlingham, we are interested in uncovering genuine scholarliness. We want our Scholars to demonstrate excellence and commitment, curiosity and a spirit of inquiry. We are looking for a genuine hunger to develop knowledge and understanding, and a willingness to promote the joy to be found in learning different skills. Scholarships at Framlingham College are highly sought after because of the outstanding pathways that we provide for our Scholars.

Sports Scholarships are awarded at 11+, 13+ and 16+ to pupils with both outstanding potential in one of our Major Sports (Hockey, Rugby, Cricket, Tennis and Netball) and an all-round sporting ability and aptitude. Talent must be matched by an excellent attitude towards sport, both on and off the field of play. At 11+, Scholarship candidates are expected to be first team players at their current school and may also play for their district, county or national teams. At 13+ and 16+, candidates should be leading sporting lights at their current school and may also have achieved county, regional or national representative honours. To find out more, please visit our website.

## The Upper Prep at Framlingham College Prep School

At Framlingham College Prep School, every child is valued for who they are, their experiences, character, and belief in their future. For Upper Prep pupils (Year 7 & 8), this point in their school journey is a time when they really start to look forward, foster ambitions and enhance their learning journey.

Children change a lot in themselves between the ages of 11 to 13. We believe it is of significant benefit to navigate these changes in an environment where they are known as individuals, and where they feel safe, happy and secure. One of the greatest benefits of our Upper Prep is that it prepares pupils for the challenges of young adulthood whilst allowing them to relish the golden experiences of childhood a moment longer.

An ambitious learning culture permeates all that we do, both within the classroom and beyond. From sports pitches to laboratories, art and design to music, drama to technology, you'll find children confidently expressing themselves and discovering new talents. Our academic approach, while rigorous, allows freedom to be innovative in the way we teach, provides continuity of education into the Senior School, and equips our children with the skills that they can later apply at GCSE, A Level and in the working world.

Should you be interested in discovering more about Framlingham College Prep School, we would be delighted to welcome you for a visit and show you first-hand why our school is an exceptional place to live and learn.
