Welcome *from* IAPS

First and foremost, sport is about participation and enjoyment. Sport is an incredibly important part of the personal development of children.

Thanks to our eager and enthusiastic membership, over 22,000 children take part in the IAPS Sport programme every year. With 22 sports to choose from and over 170 events organised annually, there are plenty of opportunities for our member schools to get involved in.

Whether this is your first time at an IAPS event, or you have been entering them for many years, we hope you enjoy the competition and good luck.

Rules and Regulations

U11 netball championships are conducted under England Netball Stage 3 (Stinger) of Bee Netball.

In exceptional circumstances England Netball will approve players to play down an age group at their National Schools Competitions. If a player is granted age dispensation by England Netball for the National Schools Competition, IAPS will honour this decision for our competition.

Number of players on court: 5-a-side

Squad size: Min 7, Max 9

Gender: Girls only

Post Height: 9ft

Ball size: 4

Court size: Width: min 10m max 15m Length: min 20m max 30m

Rule adaptations: No WA, WD. Pass within 4 seconds. Defending is allowed.

Format: The tournament will run as follows with two pools and seven teams.

Timings: All matches will be 5 minutes each-way.

Scoring: The group order will be decided on the number of points awarded to each school. 5 points for a win, 3 points for a draw, 1 point for scoring 50% or more.

If at the end of the pool rounds two teams are level it will be decided as follows:

- Goal difference.
- Total Goals Scored.
- Result between the two teams.

Goal difference is calculated as the number of goals scored in all leagues matches minus the number of goals conceded. e.g. Team 1 - 15 goals for – 5 goals against = +10 (this team wins) Team 2 - 19 goal for – 10 goals against = +9

KNOCKOUT STAGES

In the event of a draw in the knockout stages, the winner will be decided by extra time followed by golden goal if required.

- Two-minute interval will take place.
- Extra time will be five minutes one way (No rotations to take place).
- If the score is still tied, a period of golden goal will commence with no rotations. First team to score wins. The match does not stop after the 5 minutes, but the **umpires communicate loudly** and clearly that the match has now moved into golden goal.

FAIRNESS

It will be impossible for IAPS, or the organisers, to police each tournament to ensure that schools are making the rotations that they have declared.

We trust that by entering the tournament, schools are doing so in the spirit of the game.

If IAPS becomes aware of a school that is not rotating fairly, they may risk their place in the knockout stages and at future tournaments

MINIMUM SQUAD SIZE

Schools must have minimum 7 players in the team to follow the 7 player rotations. Schools that bring less than 7 players will forfeit their place in the cup competition.

INJURY AND ACCIDENTS

Play may be stopped if the Umpire deems it necessary due to the injury or illness of a competitor.

Great care should be taken in moving an injured competitor or ill competitor from the court.

Should the Primary Care Person/Umpire feel that an injury is critical (e.g. head, neck or back) and that the injured competitor should not be moved without assistance from

Medical Staff, the umpires and schools should note the time lost during treatment and report it to the competition organiser who will adjudicate.

ROTATIONS

You will be asked to bring a copy of your rotations on the day.

If you forget to bring a copy, you will be asked to complete one before matches start. Teams must rotate before each match and at half time.

Schools must continue to work through the rotations throughout the whole tournament. You must not restart rotations for the knockout matches.

UMPIRING ADAPTATIONS

Guidance on how to umpire Bee Netball is available in the rule adaptations at [Netball \(iaps.uk\)](http://Netball(iaps.uk))

SUBSTITUTION DUE TO INJURY

When a player is injured during a match or a blood substitution is required, the player should, where possible, be replaced by the player off court who is due to come on in that position in the next rotation.

The players should remain in that position until the next rotation. This could be half time if the injury occurred in the first half of a match. At that time a decision is made as to whether the injured player is able to return to the tournament. If they are deemed fit to return, all players should return to their original place in the rotation. If they are not able to return, then the players will remain in their new rotation positions for the remainder of the tournament.

If the player is evidently going to be fit to return to play but the injury will take longer than the rest of that game

to sort, they can be rotated back in as soon as it is reasonable to do so.

The injured player must take part in most of the pool matches to progress through to playing the knockout matches. If the player has sat out for most the qualifying matches, they cannot return to play in the knockout matches

HITTING POST

If the ball hits the post and comes back on to the court, it comes back into play. Play on.

If the ball hits the post and goes in the hoop, it is a goal.
