Q24: Spring conference - The future of energy and moving towards a fully sustainable school

Date Friday 12 May 2023

Venue De Vere Grand Connaught Rooms, 61-65 Great Queen St, London WC2B 5DA

Cost IAPS Members £229

Adding detail to the subject area first addressed at the annual conference in Edinburgh 2022, this one-day conference will provide more details and draw on the experience of a range of people professionally active in promoting a more sustainable future.

Audience	IAPS heads, deputy heads, senior staff members and anyone leading in this subject area
Objectives	Working with our Premier Partner eEnergy and other innovators in this area, this course will set out to describe what it really entails to move your school into a more sustainable position. We will set out the steps that can be taken to achieve progress in this area, what the challenges will be, not the least in terms of budget, and how with careful planning your school can achieve net zero. During the day, we will also consider how schools can develop a curriculum embracing a more sustainable approach and engage pupils effectively in the process.
Course Director Speakers	Christopher King, IAPS CEO Christopher King, IAPS CEO; Marcus Culverwell, Headmaster at Reigate St Mary's Prep and Choir School; Claire Robinson, Head at Holme Grange School; Mark Dolling, eEnergy; Tobias Costar, eEnergy; Chris Styles, eEnergy; Raj Singh, Thomas Franks; Mel Harwood, Founder and CEO eduCCate Global.

Programme - Friday 12 May 2023

- 0900** Registration and refreshments
- 0930** Welcome, introductions and the IAPS approach to Education for Social Responsibility - *Christopher King and Marcus Culverwell*
- 0950** Effective environmental sustainability education (a model) - *Claire Robinson*
- 1030** Take back control of your energy (the eEnergy team, IAPS Premier Partner) - *Mark Dolling*
- 1100** **Break**
- 1120** Better energy procurement - steps schools can take to minimise their energy costs (eEnergy team, IAPS Premier Partner) - *Tobias Costar*
- 1150** Tackling energy wastage - how to measure and reduce your energy use. This will focus on how to identify energy wastage via MY ZeERO and what schools need to know about upgrading to LED lighting (eEnergy team, IAPS Premier Partner) - *Chris Styles*
- 1220** Food in a school setting – how to meet the challenge of a more sustainable source for school food - *Raj Singh*
- 1250** Connecting sustainably: How to deploy onsite solar generation and EV charging for a sustainable future (eEnergy team, IAPS Premier Partner) - *Chris Styles*
- 1320** **Lunch**
- 1410** eduCCate Global: passionate about the curriculum - *Mel Harwood*
- 1445** Concluding comments - *Christopher King*
- 1500** **Depart**
