

Top Google search for 3 of our portals

JOBS

PRESS

Post to leading job sites

Pressburst enables you to post your vacancies to any of the sites relevant to your school including ISC, GSA, HMC, IAPS, ISA, SoH & SherbertJobs

Focus on socials

All vacancies are highlighted and cross posted on the SherbertJobs socials. There are focus days and vacancies are reposted when they are 'closing soon'

Unlimited job posts

You can post as many vacancies as you need to, all included as part of your yearly subscription fee

Promoting adverts

If you wish to highlight a particular post then you can:

'Featured' (£99+VAT) - appearing on every page, of all of your job portals

'Enhanced' (£49+VAT) - more details on the initial advert

Great Press coverage

Our mission is to provide as wide reaching coverage for your news stories as possible. Enter your story onto our platform and it will post to our news partners, and key associations, directly to your website, and form a standard press release

Publication links

We are forging links with as many news outlets and publications that are relevant. We automatically send the news stories that you create directly to those publications*

*some publications may require an additional subscription

API & Widget integration

Our team has built a variety of widgets and APIs to allow you to integrate Pressburst with your website. This allows you to add all of your news stories direct to your website with no further work for you

Press releases

Any news story that you create can be sent from within the platform, with only a couple of clicks, to any of your press contacts, or relevant ones from our curated list

Proud to be associated with:

Yearly Subscription

Single school **£300 +VAT**

Multi-School **£500 +VAT**

Discounts

We offer discounts to all schools with less than 300 pupils. Get in touch to discuss the best options for your school.

Free adverts

We offer all association members the option to advertise one vacancy for free on their association portal without needing a subscription.

*restrictions apply
