Attendees to this course are in for a huge treat! During the day you will have the privilege of hearing from two highly prestigious speakers; Lorraine Petersen, whose 25 year career has earned her an OBE for services to Education, and Fintan O'Regan, whose dynamic, inspirational and highly entertaining coaching has led him to be one of the leading behaviour and learning specialists in the UK. Delegates will leave feeling truly uplifted and ready to return to school determined and equipped to maximize your pupils' potential, however challenging their individual paths may start out. As more and more parents of children with Special Educational Needs are choosing an independent education, we will consider the best ways to support 21st century children in our Prep Schools, both academically and emotionally, and how your teaching and monitoring can make such a great difference to their life in school and to the progress they make. This course is not to be missed!

Audience: SENCOs, Academic and Pastoral Leaders

Objectives: This course will look at the ways in which we can aim to: ensure that we are making reasonable adjustments for our pupils with SEND; ensure that planning focuses on meaningful targets that match teaching with pupils' learning needs and facilitates inclusive practice and maximum progress in each lesson; work well with all the staff in school, academically and pastorally, to ensure we are teaching our children with additional needs to their maximum potential in all curriculum and social areas; use data effectively to monitor pupils' progress; ensure that every Child is a Winner – promoting children's individual talents, and develop strategies in the classroom to actively promote and support the success of the unexpected child.
