New Heads' Training gives recently appointed Heads the opportunity to reflect on their practice, seek to improve their skills and meet like-minded colleagues to share experiences. The programme has been carefully designed to meet the needs of Heads new to post. This course has returned to the IAPS calendar after demand from members following outstanding feedback from previous years, where the vast majority of attendees recommended newly appointed heads should attend: "I was amazed by the quality of the sessions." "Great way for new heads to reflect on their role and to network with others." "Great opportunity to step back a little from the job and think." "Superb and unrelenting in what we need to know."

Audience: New IAPS Members in their first headship

We will look at areas such as managing change, yourselves and others, leading to realise your vision and further explore and develop the personal and professional skills required for the 21st century Head
