**Motion Picture Licensing Company – MPLC Umbrella Licence for Schools
for the year 1 April 2022 to 31 March 2023**

We are pleased to work in partnership with MPLC and have jointly agreed that IAPS will administer the issuing of MPLC Umbrella Licences to Independent Schools. This offers the same simple licence process you enjoy with IAPS for your CLA, and NLA licences. It also brings with it IAPS knowledge, expertise and advice together with the added cost benefit through a special IAPS annual tariff.

Your MPLC Umbrella Licence for Independent Schools to legally show pre-recorded films, specialist educational and TV DVDs, Blu-ray and legal downloads is enclosed.

There are two licences a school needs for the comprehensive legal use of DVD/Video - a MPLC Licence and a PVS Licence. The MPLC Umbrella Licence is in place to protect the independent studios rights in the same way as the mainly Hollywood studios are through the PVS Licence. For further information on the PVS Licence and around 15 studios represented, please refer to PVSL 'Participating Studios' at www.filmbankmedia.com/licences/pvsl/.

The MPLC Umbrella Licence for Schools exclusively represents a growing number of over 3,000 independent film studios, specialist educational and TV producers. These include Sony Pictures Classics, Lionsgate, Ealing Studios, Scholastics Inc, McGraw-Hill, Golden Books, The Family Entertainment Library, Big Idea, Contender and HIT Entertainment. The major TV producers are also represented.

The licence allows unlimited showings of MPLC producer's titles and there is no reporting of use or any other administration required. Just simple annual cover at one low annual fee. Schools can use their own libraries of films, from any legal rental or retail source. There can be no admission fee charged to view the film and no advertisement of the title to the general public.

The MPLC Umbrella Licence for Schools is required in addition to any existing licence arrangements with no overlap or duplication with any other licence the school may already hold.

Home entertainment formats (video/DVD/Blu-ray/digital file, AVI, Mpeg/flash/RM/MP4 etc) whether rented or purchased or downloaded from the internet are intended for home use only, as per the Copyright, Designs and Patents Act 1988. Showing films anywhere outside of a domestic, home environment are considered 'public performances' and require a licence.
